

## Message from the Department of Public Social Services IHSS Program

As a follow up to the email you received on Tuesday, January 5, 2021, Riverside County Department of Public Health opened registration for the COVID-19 vaccine for Tier 2, which includes IHSS caregivers.

You have been identified as an IHSS caregiver and you can now register to receive the COVID-19 vaccine. Open the attached flyer and click on the link next to the date and location you prefer. Complete all questions in the registration process to confirm your appointment.

If you are not able to view the registration flyer, experience issues, or would like more information, visit:

<https://www.ruhealth.org/covid-19-vaccine>

When you go to your appointment, present your state-issued identification with a copy of your most recent IHSS paystub. You can also present the CDSS letter available on the Electronic Services Portal that provides information about IHSS. Visit <https://www.etimesheets.ihss.ca.gov/login> to access the CDSS letter.

.....

Please be aware you may experience issues with registering for an appointment. Below are some helpful hints to remember:

1. For best results and a better experience, use Google Chrome, Microsoft Edge or Safari for the registration process.
2. When you go to your appointment take a copy of your paystub and state-issued identification. A badge is not required.
3. Some dates are already filled, but new dates will continue to be added. Check the website regularly for schedule updates. The website is:

<https://www.ruhealth.org/covid-19-vaccine>

4. Please Do Not call Riverside University Health System. If you have questions, visit <https://www.ruhealth.org/covid-19-vaccine>. For additional assistance call the IHSS Public Authority at 888-960-4477.
